

# MRS. HOLLISTER WINS HER SUIT FOR DIVORCE FROM FORMER BROKER

Co-Respondent's Name Not  
Disclosed — Justice Guy  
Signs Interlocutory Decree.

Supreme Court Justice Guy to-day signed an order awarding an interlocutory decree of divorce to Mrs. Hope Shepley Hollister from Henry M. Hollister Jr., known in Wall street as "Hip Hip Hurray." Mr. Hollister did not appear. The judgment went to his wife by default.

fort was made to guard the identity of the co-respondent. Mr. Hollister formally appeared through his attorney, J. A. Kelly, and the referee in his findings, which were submitted to Justice Guy for his approval, recommended a decree for Mrs. Hollister. The name of the co-respondent was not brought out—she was referred to as an unknown woman. The separation occurred nearly a year ago. At that time it became known that Mr. Hollister took up apartments at No. 29 East Sixty-ninth street, while his wife went to Providence, R. I., and established herself in a summer home at No. 294 Benefit street. Her parents, Mr. and Mrs. George L. Shepley, and a sister, Miss Virginia live in Providence. Mr. Hollister is the son of Henry H. Hollister, treasurer of the National Horseman Association. The wedding took place on Oct. 25, 1906 at the Providence home of the Shepleys. Mr. Hollister is a member of the University Colony and New York Athletic Clubs and of the Sons of the American Revolution. He was graduated from Yale in 1899 and was that college's tennis champion for several years. Almost immediately after graduation he began a career in Wall street, but gave it up several years ago.

## TWO BLOWN TO ATOMS BY NITRO GLYCERINE

Mere Shreds of Flesh All That Remains of Two Men—Only Bit of Axle of Car They Rode in Is Found.

FINDLAY, O., July 8.—Charles Armstrong and P. J. Longabaugh, oil well shooters, were instantly killed this morning by the explosion of several hundred quarts of nitro glycerine

which they were taking to Buckland to shoot an oil well. The men were literally blown to atoms, as not a shred of flesh an inch square can be found, and of the automobile in which the explosive was being transported, only a small piece of the axle is left. Two children were knocked to the ground and severely injured, several houses nearby were wrecked, and thousands of panes of glass in the vicinity were broken.
